TITLES I AND IV, PUBLIC LAW 480: TOTAL AMOUNTS PROGRAMMED AND SHIPPED THROUGH DECEMBER 31, 1965, BY COUNTRY AND COMMODITY.

This report shows total amount programmed by commodity for each country, under Food for Peace agreements signed through December 31, 1965, for the sale of U.S. agricultural commodities for foreign currency under Title I, Public Law 480, and total quantity and estimated market value of shipments for the period January 1, 1955, through December 31, 1965. Data for prior fiscal years by 6-month periods are shown in SDS-7-61 and SDS-11-63 revised.

This report also shows the total amount programmed by commodity for each country, under Food for Peace agreements signed through December 31, 1965, for the sale of U.S. agricultural commodities for long term credit under Title IV, Public Law 480, and total quantity and estimated market value of shipments for the period July 1, 1961 through December 31, 1965.

The amount programmed is the amount specified in the agreement, exclusive of ocean transportation, as modified by purchase authorization transactions. The quantity shipped is based on tonnage shown on ocean bills of lading. The value is estimated export market value, basis U.S. port of export. Estimates are revised to reflect actual amounts financed by CCC when this information is obtained for completed purchase authorizations. These revisions account for most differences from amounts shown on previous reports.
